ACCESSORIES LINE - TECHNICAL DATASHEET

STEEL COLUMN WITH A PLEXIGLAS CONTAINER FOR DISINFECTANT

A practical COLUMN in painted metal with a round base with a diameter of 300 mm and a vertical support 1 meter high to be able to use wherever you want the MULTIUSI GEL alcohol-based in the liter format.

Without the need to drill holes in the walls, it is an elegant point of hygiene that attracts the user with a nice "USE ME WHEN YOU WANT" sticker affixed to the Plexiglas container with a thickness of 6 mm and rounded edges.

This COLUMN is recommended in hospital corridors, medical or dental offices, waiting rooms and in all those places where rapid hand sepsis is necessary.

INSTRUCTIONS FOR USE

The column is supplied with an Allen key for correct assembly and is composed of a base and a vertical support on which to house the Plexiglas liter bottle container.
